Quality Policy Statement

Elite Precast Concrete Limited is a company, which specialises in the manufacture and supply of precast concrete products for the construction, water management and ancillary industries.

Elite Precast Concrete Limited sees itself as high-end supplier and places emphasis on experience, capability, reliability, quality and customer satisfaction.

This Policy Statement commits Elite Precast Concrete Limited, its management and employees to providing precast concrete products conforming to customer, contractual and regulatory requirements through the establishment, maintenance and implementation of an effective Quality Management and Factory Production Control System.

This manual defines policies, processes and procedures that Elite Precast Concrete Limited will adopt to ensure conformity to requirements and to drive improvement in both the business processes and the products supplies.

Quality objectives consistent with this policy have been established and performance levels be monitored.

Richard Doody

Company Director
